

Outline for Creating an Account with eTEC

The following is an outline of the steps necessary to create an account with eTEC, enroll in your training program, and access the training materials. For those who would like more detailed instructions, the remainder of this document provides images and commentary regarding the use of eTEC's training website.

Please note that it is necessary to **allow pop-up windows** during the process of creating and activating your eTEC account.

Create your account

1. Open eTEC's online training site, <http://www.go2etetraining.com>.
2. Click on "Register" (located near the top of the page) or "Create Account" (located near the bottom of the page).
3. Enter the Customer Code **12DOTnc**, **(case sensitive)** your first name, last name, email address, and a password. See your NCDOT contact for the last three alphanumeric letters in the Customer Code.
4. Click on the "Register" button.

Activate your account

1. Open your email account.
2. Open the email titled "eTEC Registration Information".
3. Within the email, click on the link "Activate My Account" to confirm your email address.

Please note that you only need to activate your account once.

Enrolling in your training program

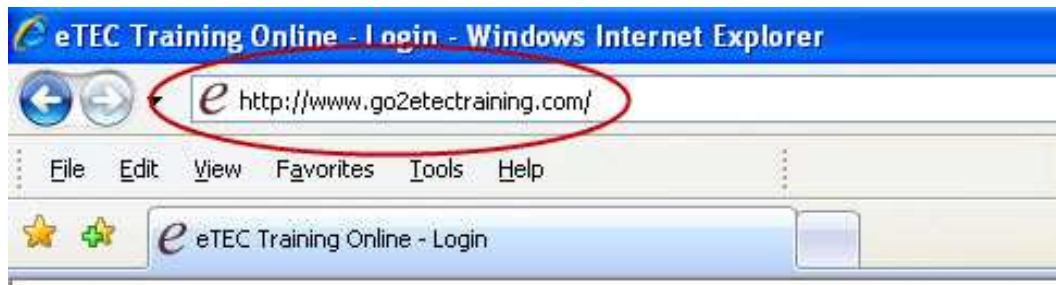

1. Open eTEC's online training site, <http://www.go2etetraining.com>.
2. Enter your email address and password.
3. Click on the "Login" button.
4. Enter the Enrollment Code **E214-0306**.
5. Click on the "Enroll" button.

Once you click the "Enroll" button, you will be directed to your training program materials. You will also receive an email confirming your enrollment in the training program.

Instructions for Using eTEC's Online Training Website

Setting Up Your Account

Open an internet browser (Internet Explorer or Firefox recommended) and type www.go2etectraining.com into the address line.

Create a new account by entering ALL of the requested data. The Customer Code for the NCDOT program is **12DOTnc**. Your NCDOT contact will provide you with the last three alphanumeric letters for your particular training class. Note that there are no spaces in the Customer Code and that the code is case sensitive.

Dear John Schemmel,

An online training account has been created for you with eTEC. Please click the 'Activate My Account' link below to activate your account.

Customer Code: Gnc

[Activate My Account](#)

Please contact eTEC support (support@go2etec.com) if you have any questions or problems with your account activation.

eTEC Online Training

Click on the activation link.

After clicking "Activate My Account", the Login page at eTEC's training site will open in a new window. A notification will confirm that your account has been activated.

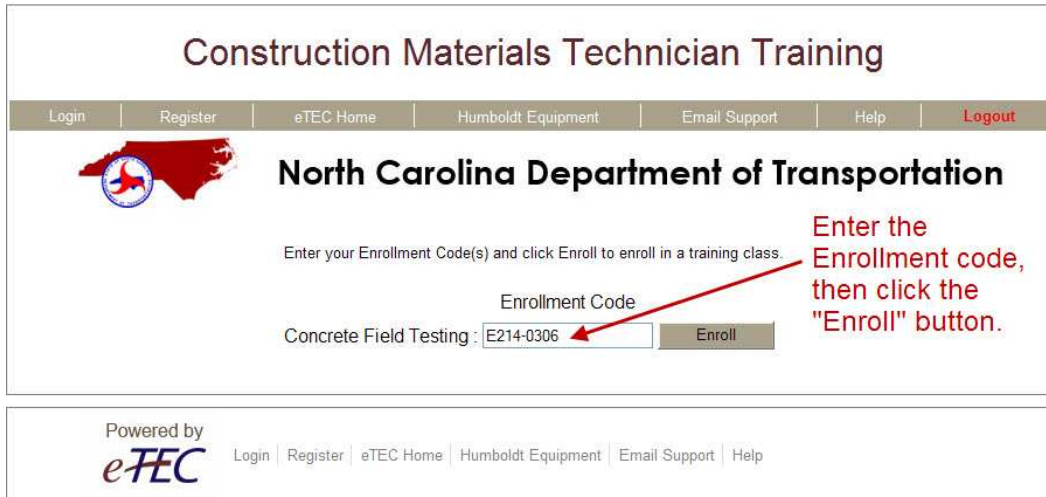

The screenshot shows the login page of the eTEC Construction Materials Technician Training site. At the top, there is a navigation bar with links: Login, Register, eTEC Home, Humboldt Equipment, Email Support, and Help. Below the navigation bar, the page title "Construction Materials Technician Training" is displayed. A message states: "To access your account, please enter your Username (Email Address) and Password below." There are two input fields: "Email Address:" and "Password:". Below the password field, there is a link: "Click here if you've forgotten your password." A red arrow points from the word "Notification" to a green message: "Your account has been activated." Below this message, there is a "Login" button and a "Create Account" button. At the bottom, there is a footer with the eTEC logo and the text "Powered by eTEC".

Enrolling in the Training Program

Once an account has been created, you can login to the account with your email address and password.

The screenshot shows the login page of the eTEC Construction Materials Technician Training site. At the top, there is a navigation bar with links: Login, Register, eTEC Home, Humboldt Equipment, Email Support, and Help. Below the navigation bar, the page title "Construction Materials Technician Training" is displayed. A message states: "To access your account, please enter your Username (Email Address) and Password below." There are two input fields: "Email Address:" and "Password:". Below the password field, there is a link: "Click here if you've forgotten your password." A red arrow points from the text "Enter your email address and password, then click the 'Login' button." to the "Login" button. Below this message, there is a "Login" button and a "Create Account" button. At the bottom, there is a footer with the eTEC logo and the text "Powered by eTEC".

Next, you must enroll in the training program for Concrete Field Testing. The Enrollment Code for the NCDOT program is **E214-0306** (code is case sensitive).

Home NCDOT Presentations Test Standards Concrete Technology / ? Close

INTRODUCTION

Click the "Close" link to close the training program.

This training program has been created specifically for the North Carolina Department of Transportation. The modules within this program cover several standard tests for fresh concrete, the materials used in concrete, the properties of fresh and hardened concrete, and several presentations related to NCDOT's concrete field testing certification program.

Navigating through this training program is no different than viewing a website. All you need to do is "point and click" to open any of the resources associated with this program. A User Guide, which illustrates the navigational features for this tool, is provided in the "Support" section. The User Guide can be printed. Links to eTEC's website, Humboldt Manufacturing's website, and to download and install Adobe's free Flash Player, are also provided in the "Support" section.

To open the Support section, click on the ? symbol in the menu above.

If you have any questions or comments about this training program, please contact eTEC for assistance. You can find our contact information below, as well as in the "Support" section.
